PENNSYLVANIA'S GREAT **OUTDOORS REGION**

DUBOIS HARLEY-DAVIDSON

WELCOME BIKERS!

here are so many roads in Pennsylvania's Great Outdoors region to drive and explore, the hardest part is deciding which routes you should take. Fortunately, the four highlighted drives in this guide were put together for bikers by bikers, so they've been tested for motorcycle-friendly roads and maximum scenery amidst some of the most beautiful countryside in Pennsylvania. As you go, you'll have many opportunities to enjoy stunning vistas and interesting stops.

The rides in this guide are just suggested routes, so feel free to explore, make changes, and take side trips as you wander. Along the way, you'll come across unique shops, restaurants, breweries, wineries, distilleries, parks and public lands, museums, and other attractions, so plan in some time to discover something new. These routes each span between two and two and a half hours in ride time, so you can pick one and take plenty of pit stops along the way or join together more than one for a full day of riding bliss.

We've created a customized Google Map for each route, with links listed under each route name at right, so you can pull out your phone and have easy access to turn-by-turn navigation as you go. Cell service can be spotty in some areas, so pull up your maps before you head out. Also, be sure to start each ride with a full tank — gas stations can be few and far between on some stretches.

To learn more about the region and plan your trip, pick up a free copy of the Pennsylvania Great Outdoors Visitors Bureau's Welcome Adventure Planner, available at lodging facilities, restaurants, and attractions throughout Jefferson, Elk, Clarion, Forest, and Cameron Counties as well as interstate rest stops and welcome centers throughout the state. Other popular publications that cover Pennsylvania's Great Outdoors region include Wine, Beer, & Shine Tasting Trail, Elk Viewing Guide, and trail maps. You can also find more information online at VisitPAGO.com or call (814) 849-5197 to have free vacation planning guides mailed to you.

We hope you enjoy the endless adventure of Pennsylvania's Great Outdoors region as much as we do!
